Appreciation Letter

Barwa Al Baraha Labor City Management would like to thank you for the fantastic job of supporting our temporary shortage of water supply with water tankers supply.

We must congratulate you for your professionalism and punctuality in managing your fleet of tanker trucks to supply potable water for each of our buildings for the duration of the civil rectification works to our underground potable water lines.

Your efforts and hard work are appreciated, and we wish you all the best in all your future endeavors.

Regards.
